# GLADIOLUS BULBS

and BULBLETS of QUALITY

✿ Grown by ✿

## LEONARD C. LARSON

JANUARY, 1934

Great care has been taken to keep our stock healthy, true to name and Thrip-free, as we plant on new ground, dip all bulbs in lye—one can ordinary concentrated lye to 25 gallons of water—and soak from 8 to 12 hours. This proportion will kill the Thrip, also eggs, in that length of time. I believe it also will not hurt the bulbs as I have used it for 5 years. It is also good for scab.

I am anxious to have satisfied customers so will refund or replace any stock not true to name.

### TERMS

Net cash before shipment, or 25% deposit and balance C. O. D.

### EXTRAS

Extra bulbs will be sent along with your order also some of the choice varieties will be included for names that I have not now on my files, of those who grow glads.

### DISCOUNTS

10 bulbs sold at 100 rate; 250 at 1000 rate; 1000 at 8 times 100 rate; but minimum item is 10c.

If you require large amounts I should be very happy to quote you special prices or ask for my wholesale list.

As it requires little more expense in packing large orders, I make the following discounts: 5% on orders over \$5.00 and 10% over \$10.00 when cash accompanies order.

### SHIPMENT

All orders of \$1.50 and up will be postpaid in U. S. or Canada from this list.

Large orders can be shipped by express at any time. Smaller orders going by parcel post we prefer to send out in early spring.

Local or Pacific Coast shipments can be sent at any time.

### TIPS

If you have not done so already it will be wise to purchase some naphthalene flakes and place in with your bulbs. Place in bags or containers but cover so as to retain odor. Use an ounce to about 100 bulbs. Leave covered for about two weeks.

Don't hesitate in trying the lye treatment I have mentioned before planting your bulbs.

ABBREVIATIONS OF ORIGINATORS: (A) Austin, (E) Ellis, (D) Diener, (Pf.) Pfitzer, (S) Salbach, (K) Kunderd, (F) Fisher.

The bulbs and bulblets are all hand picked thus assuring good size, the bulblets are screened taking small stock out. Good plump solid stock only is sent out. We want you to be satisfied.

NOTE: ALL STOCK IS GUARANTEED THRIP FREE.

10 bulbs may be had at 100 price and 10 bulbs or bulblets may be had at 8 times the single price, and 100 at 8 time the 10 price, also three bulbs may be had at ten price.

I believe there prices are fair and reasonable and will match my bulbs for quality, as this is what we pay for after all.

Personally, I myself believe that a bulb of number 2 or 3 size is the best for all around use. Number one is better for some purposes, while number 4, 5 and 6 give small flowers but make finer bulbs and produce more bulblets as a general rule.

ALL STOCK OFFERED AND ORDERS ACCEPTED SUBJECT TO PRIOR SALE

## A FEW BIG BARGAINS

The following sets are good varieties and a chance to get a start for a small amount. The discounts do not apply to these sets.

Picardy, Oregon Sunset, Mt.  
Hood, Bill Sowden, and one  
each of Smiling Maestro, Vesper Bells, Pelegrina, Mildred Louise and Rosetta.

**PREPAID \$4.00**

## OUR RECOMMENDATIONS

This list shows the most outstanding varieties that performed well for us this year:

Smiling Maestro, Red Lory, Picardy, Mildred Louise, Albatros, Mrs. T. E. Langford, Bill Sowden, Hinemoa, Lady Eaton, Champlain, and Premier Henry. Of the last three my stock was so limited I decided not to list. Pfitzer's varieties showed up very well again as usual. The newer varieties will be the best money makers as well as being something different. Get your stock early so as to get sizes and quantities you desire.

## BUY BULBLETS IN QUANTITY

Pints or half Pints at Quart Rate.

For larger quantities write for special quotations.

Variety	Quart	Variety	Quart	Variety	Quart
Aflame .....	\$ 3.00	F. J. McCoy .....	3.50	Minuet .....	2.50
Aida .....	5.00	Gay Hussar .....	1.40	Mrs. F. C. Peters .....	1.50
